PROFESSIONAL EXPERIENCE

Center for State Health Policy – Rutgers University New Brunswick, NJ
Research Project Coordinator October 2024 - Present

- Manage discrete components of mixed-methods research projects, including primary data collection, quantitative and qualitative analysis, and manuscript development.
- Contribute to proposal development, including drafting study aims, methods, and evaluation plans.
- Prepare, draft, and support submission of peer-reviewed manuscripts for academic and policy audiences.
- Lead qualitative data collection across multiple state-level projects, including designing interview protocols and conducting key informant and stakeholder interviews.
- Develop and maintain project management and reporting deliverables, including timelines, workplans, and documentation for funders and partners.
- Prepare and manage Institutional Review Board (IRB) submissions, amendments, and continuing reviews to ensure regulatory compliance.

All of Us Research - University of Southern California Los Angeles, CA
Program Coordinator & Support Staff January 2024 - June 2024

- Fostered interdepartmental cooperation to streamline project workflows.
- Facilitated effective communication between research teams and stakeholders for cohesive project execution.
- Managed RedCap for large-scale data organization and optimized research workflows.

Norris Comprehensive Cancer Center - Keck School of Medicine of USC Los Angeles, CA
Research Assistant - Cancer Care Equity Lab May 2023 - May 2024

- Led monthly stakeholder workgroups, presenting health policy findings and fostering cross-functional collaboration for improved cervical cancer care equity for Chinese and Latina patients in East Los Angeles.
- Performed in-depth analysis of major insurance plans across clinic sites, identifying gaps and proposing targeted solutions for equitable care access.
- Assessed the needs of the community through qualitative interviews and provider surveys to identify areas for intervention and grant opportunities.

NYC Health+Hospitals/Elmhurst New York, NY
Research Assistant - Office of the COO June 2022 - August 2022

- Conducted weekly hospital wing assessments, identifying and resolving critical issues to secure Joint Commission accreditation for the fourth consecutive year.
- Meticulously documented accreditation requirements, ensuring comprehensive preparation and compliance across all hospital departments.
- Spearheaded improvements in internal and external hospital processes, directly contributing to successful Joint Commission accreditation renewal.

NYC Health+Hospitals/Elmhurst New York, NY
Intern -- Vaccine Outreach Team Member April 2021 – July 2021

- Produced weekly reports of outreach data on Covid-19 vaccine uptake increasing vaccine competency and uptake in the community.
- Analyzed vaccine rollout policies, identifying accessibility gaps to develop targeted, culturally sensitive communication strategies.
